Purpose

To provide guidance and establish the COWIB standards of performance in the issuance of incentive payments to WIOA Title I Youth Program eligible and enrolled participants.

Authority

The authority for this policy is derived from the following:

- WIOA §129
- 20 C.F.R. §681.640
- TEGL 21-16
- WSD# 12-2024
- WSD# 50-2024

Background

20 C.F.R. §681.640 states that “incentive payments to youth participants are permitted for recognition and achievement directly tied to training activities and work experiences. The local program must have written policies and procedures in place governing the award of incentives and must ensure that such incentive payments are:

- a) Tied to the goals of the specific program;
- b) Outlined in writing before the commencement of the program that may provide incentive payments;
- c) Align with the local program’s organizational policies; and
- d) Are in accordance with the requirements contained in 2 C.F.R. part 200”

Department of Labor guidance provided in TEGL 21-16 expands upon part (d) above, clarifying that incentives must be in compliance with the Cost Principles in 2 C.F.R. part 200. For example, Federal funds must not be spent on entertainment costs, i.e., movie or sporting event tickets, or gift cards to venues whose sole purpose is entertainment. Additionally, there are requirements related to internal controls to safeguard cash, which also apply to safeguarding of gift cards, which are essentially cash.

The Oklahoma Employment Security Commission provides further guidance in WSD# 12-2024, stating that incentive payments may be paid to WIOA ISY and OSY for milestones such as receiving a high school diploma or high school equivalency or other acceptable credentials.

WSD# 12-2024, specifically lists the following as unallowable for incentive payments:

- Recruitment
- Submitting eligibility documentation
- Simply showing up for the program

COWIB Policy on Youth Incentives

Local Policy

It shall be the policy of the Central Oklahoma Workforce Innovation Board (COWIB) and its Board of Local Elected Officials (LEO) that all WIOA Title I funded services shall be delivered in a manner that fully complies with the WIOA law and regulations.

A copy of this policy shall be distributed to managers and staff members of the COWIB's Youth Provider who are responsible for implementing any aspect of the incentive reward strategy.

Incentives Procedures

The Service Provider may make incentive payments to eligible enrolled/active youth participants based on properly documented attainment of benchmarks and goals. The Service Provider must establish and adhere to appropriate review procedures to ensure that all incentive payments are made in accordance with COWIB guidelines and any applicable state policies and/or procedures.

Once the Service Provider has verified the proper attainment benchmark(s) is achieved and documented, the Service Provider will enter a Program Note clearly documenting/explaining the attainment of the benchmark and the ensuing request for incentive payment as well as the payment amount for each. A Service Entry must be made in the state case management system for any incentive payment. The Service Provider will complete the "Incentive Request" form (Attachment A) for approval by their respective agency. Once approved, the Service Provider will put a copy of the form in the youth participant's case file in the appropriate case file section that relates to the incentive request being paid. The Service Provider will make arrangements to issue a check. If the request is denied, the Service Provider must enter a case note explaining why it was denied. The Service Provider will be responsible for presenting the payment to the participant.

Equal Treatment

Incentive payments shall be administered in a manner to assure that all participants receive equal rewards for equal achievements. The Service Provider must publish a summary of incentive payments that are available to WIOA Youth Program participants, including a short description of the benchmark(s) that must be met and the amount of each incentive payment. This summary of available payments must be made reasonable available to each program participant (and, if the participant is a minor, to their parent or guardian) through methods such as pamphlets, brochures, videos, posters, websites, audio recordings, email messages, public announcements, etc.
